### PGI Creed

Planted firmly in our souls is the patriotic love for our country and state. We are unapologetically prideful of our rights and freedoms, a gift which came at the ultimate price of many. To respect this eternal debt, our currency will be honoring their virtues, spirit, and action through philanthropy and brotherhood.

Growing hails from transforming failure into success. This relentless pursuit of becoming gentlemen depends on conversation, vulnerability, and humor. We challenge each other to recognize our weaknesses and mold them into strengths. Though strong as individuals, we are stronger together, holding steadfast, bending not to the winds of depravity.

Indestructible are the heartland values sown deep in our being. We are forged by the work ethic, honesty, and stoicism of the men before us who we aspire to be. With roots intertwined in our communities, our collective might stands ready to aid a neighbor in need. Carrying the torch of Iowa ambassadorship demands the finest men; we are those men.
